

Tomball ISD Project Show

2022-2023 Steer Bid Information

December 7, 2021

Dear Breeder,

The agriculture science teachers in Tomball ISD would like to give you the opportunity to turn in a bid for the 2023 Tomball ISD Steer Show. The most steers we have ever purchased is 44 for the 2012 show. Over the last 4 years we have had 23 for 2022, 17 for 2021, 23 for 2020, and 29 for 2019. We require that you bring ten percent extra so the last student to select their steer will have more than one animal to select from. The deadline to turn in your bid is Sunday January 2, 2022. Please fill out the form below, save it, and email it as an attachment to ag@tomballisd.net. Any bid not emailed to that address will not be considered. We will inform you if you have received the bid no later than Friday January 7, 2022. If your bid is successful, we will have an exact count of participants to you by Friday, March 4, 2022. Tentatively, our selection will be the first week in May 2022. We will provide the halters. Our show is the last weekend in January each year so these cattle will be for the show held on January 25-28, 2023. We want all steers brought to us to be:

Good Quality
Sound structure
Uniformity
Broke to tie

Dehorned (healed)
Castrated (healed)
All calfhood vaccinations
Wormed

Given a long lasting antibiotic (like Draxxin or your preference) to help prevent shipping fever

Again, please email this form to ag@tomballisd.net

If you have any questions please feel free to contact me. Thank you for your time. I look forward hearing from you.

Thanks,

Jason Thomas
